CONSUMER PRICE INDICES AND INFLATION RATES FOR OCTOBER 2023

The overall year on year inflation rate as measured by the Consumer Price Index (CPI) was 6.9 per cent, in October 2023. During the reference month, all sectors continued to show price rises. The Transport Index increased by 1.5 per cent between September 2023 and October 2023. The sector increase was mainly attributed to a rise in prices of petrol and diesel by 2.7 per cent and 2.2 per cent, respectively.
