Between October and November 2018, Food and Non-Alcoholic Drinks' Index decreased by 0.15 per cent. As indicated in Table 3, this was due to decrease in prices of some foodstuffs outweighing increases recorded in others. For instance, the price of sugar and cabbages declined by 2.2 per cent and 4.4 per cent, respectively, compared with last month. The year on year food inflation in November, 2018 was 1.72 per cent.

Housing, Water, Electricity, Gas and Other Fuels' Index, decreased by 1.24 per cent in November 2018 compared to October 2018. The drop was mainly due to lower costs in prices of electricity consumption. The consumption of 50 KWh of electricity declined by 31.4 per cent from KSh 1,105 in October 2018 to KSh 758 in November.

During the same review period, the Transport Index increased by 0.81 per cent compared to the previous month. This was mainly on account of increase in the pump prices of petrol and public transport fares. However, the price of diesel dropped from an average of KSh 110.57 in October to KSh 108.97 in November 2018.
