Further as indicated in Table 1, whereas the year on year food inflation increased by 6.62 per cent, Food and Non-Alcoholic Drinks' Index decreased by 0.80 per cent in July 2020, compared to June 2020. This resulted from decreases in prices of several food items outweighing the increases, as shown in Table 3. For instance, prices of tomatoes, Irish potatoes, spinach, onions and kale-sukuma wiki, registered decreases of 5.50, 4.09, 3.24, 3.06 and 2.62 per cent, respectively in July 2020 compared to the prices in June 2020. However, during the same period, prices of *matumbo*, mutton/goat meat and sugar increased by 0.28, 0.58 and 3.65 per cent, respectively.

During the review period, the Housing, Water, Electricity, Gas and Other Fuels' Index, decreased by 0.36 per cent. This was attributed to lower cost of water vendor services, house maintenance and some house rents. On the other hand, the cost of electricity and kerosene went up by 0.5 per cent and 4.11 per cent, respectively.

The transport Index increased by 4.01 per cent mainly due to increase in the pump prices of diesel and petrol by 22.32 per cent and 12.21 per cent, respectively.
